Seminar Chairs' Welcome

INSOL International and INSOL Europe are delighted to be able to jointly present this Seminar to you. It is our first in Israel.

We will be set against the backdrop of a country steeped in history yet young, vibrant and dynamic.

We take the opportunity to thank an enthusiastic and committed main organising committee, and a skilled technical committee, responsible for the interesting and topical programme.

A range of hot topics and relevant issues will be covered, such as high-tech companies (for which the country is a leader internationally) in distress. International and cross-border issues will also be unpacked, and you will have the opportunity of learning about and questioning what practitioners should bear in mind when dealing with corporate groups which have assets or subsidiaries in Israel and the EU or (for the present, at least) the United Kingdom.

We expect lively debate when the United States Bankruptcy tools and their Chapter 11 are compared and contrasted with processes utilised in other jurisdictions. And not only will the experts share their knowledge with us, but there will be a View from the Bench, where recognition and cross-border issues will be explored by a panel of Judges from Israel and abroad.

We look forward to being able to deliver to you stimulating and quality content, and strong networking opportunities. We are sure that you will benefit from the technical program, enjoy the interaction with some leading international experts, as well as your colleagues and peers, and that you will hopefully have the opportunity to experience what the country has to offer.

We look forward to meeting you in Tel Aviv!
