Vertical line indicates discontinuity in methods – data from 2009Q4 not directly comparable with previous data. Creditors' Voluntary Liquidations before 2009 Q4 includes those companies which had previously been in administration.

See Table 12 of the accompanying Excel file for more detail.

Explanation of key terms

Bankruptcy orders – a form of debt relief available for anyone who is unable to pay their debts. Assets owned will vest in a trustee in bankruptcy who will sell them and distribute the proceeds to creditors. Discharge from debts usually takes places 12 months after the bankruptcy order is granted.

Debt relief orders (DROs) – a form of debt relief available to those who have a low income, low assets and less than £20,000 of debt. There is no distribution to creditors, and discharge from debts takes place 12 months after the DRO is granted. DROs were introduced in June 2011.

Individual voluntary arrangements (IVAs) – a voluntary means of repaying creditors some or all of what they are owed. Once approved by 75% or more of creditors, the arrangement is binding on all. IVAs are supervised by licensed Insolvency Practitioners.

There were 684 individual insolvencies in Northern Ireland in Q3 2017, 25.0% more than the same quarter in 2016.

In Q3 2017 there were 162 bankruptcies, down 20.2% on the same quarter last year. This change coincided with a change in the minimum debt a creditor must be owed to make someone bankrupt, which increased from £750 to £5,000 for petitions presented from 30 November 2016.

There were 409 IVAs, an increase of 68.3% on the same quarter last year.

There were 113 DROs, up 11.9% on the same quarter last year. A change to eligibility criteria was introduced on 30 November 2016 with DROs becoming available to people with up to £20,000 debt (up from £15,000) and £1,000 assets (up from £300).

Though the graph highlights changes, it should be noted that the volatility in the data is because the numbers of insolvencies are low, so any small changes will result in large percentage changes.
