# INSOL Europe Strategy 2025

## Strategic Headlines

- **INSOL Europe's goal has been redefined:**
  - *To lead the study, evaluation and development of restructuring and insolvency law, techniques and practice in Europe*
  - *To be acknowledged by European and international bodies as the first port of call for all matters regarding restructuring and insolvency in Europe*
  - *To disseminate technical and topical information on restructuring and insolvency*
  - *To facilitate business development and the exchange of professional experience among its members*
  - *To further the technical and training of members, their staff and others*
- ***We aim for a sharpened focus of our core target group - Insolvency practitioners and restructuring professionals from nationally or regionally focussed firms are the core membership group of INSOL Europe***
- ***A so-called "Country Coordinator" has been established to make INSOL Europe more visible and embed IE's activities on a national level***
- ***INSOL Europe aims to grow over the next 5-7 years to a membership level of 1,500-1,600***
- ***Membership and conferences fees have been rebalanced in order to enable younger members to join and participate***
