

9th Grand Prix Jean Bastin 2019

The Fonds Scientifique Jean Bastin, a Belgian international non-profit association, will grant the Prize for an amount of

20.000 euros

to the author of the best thesis published after 1 January 2016 or to be published, on one of the following matters:

The indebtedness and solvency of the States

- **The State in arbitration:** international commercial arbitration and investment arbitration. Issue with the enforcement of arbitral awards against a State. Scope and limit of immunity from enforcement. Remedies. The issue of enforcement and post-arbitration mediation on the quantum of the conviction.
- **The State-debtor:** issue of vulture funds, protective legislations. Debt market. Forum shopping. Enforcement of foreign arbitral decisions or awards.
- **The State in bankruptcy:** problem of the public debt - IMF surveillance.

Granted for the first time in 1992, this Prize is one of the most prestigious in the legal and economical domain.

The thesis must be introduced, in conformity with the procedure set under the rules, by 30 November 2018 at the latest.

The Jury presided by Minister of State Mark Eyskens, is composed as follows :

Professor Kris Bernauw, university of Gent
Professor emeritus Jean-Louis Duplat, university of Namur
Professor emeritus Herman Cousy, university of Leuven
Professor Frédéric Georges, university of Liège
