machines sold**

CREATE SPACE FOR SOMETHING NEW

NetBid AG experts appraise and auction machines, systems and real estate for companies and insolvency administrators. From initial appraisals to the clearing of business premises, NetBid AG offers a wide range of services for individual needs.

Marketing on auction platform www.netbid.com ensures that you achieve maximum prices. Why not give us a try!

www.netbid.com is a leading international auction and trade platform for used investment goods. The platform is very well known on the market and operates an international network.

NetBid AG combines extensive experience in the valuation and marketing of investment goods gained in almost every area of industry. Insolvency administrators have relied on the appraisals and auctions of the Hamburg company for many years.

The auction specialist is part of the renowned Hamburg-based Angermann group of companies. Under the umbrella of the Horst F. G. Angermann GmbH holding company, other firms offer services for the sale of companies, as well as business and real estate consulting services.
