**Experience/Career History:**

Dr. Dr. David Ehmke is an associate in the Business Reorganization & Restructuring Department of Willkie Farr & Gallagher LLP, focusing his practice on (cross-border) financial restructurings, insolvency and distressed transactions.

A strong focus of his interdisciplinary studies and work is on international restructurings and insolvencies. He has spent several years of studies and research in the area of law and finance/economics at Humboldt-University of Berlin, University of Oxford, University of Pennsylvania, and Columbia University. David regularly publishes articles on insolvency and restructuring from a legal and economic perspective.

### **Publications of Interest:**
