We are most delighted to invite you to the wonderful city of Amsterdam for the Annual Congress of INSOL Europe which will be held between 12 and 15 October 2023.

Amsterdam, which is more than 700 years old, can be described as a living museum of a bygone age. The capital of The Netherlands is indeed famous for its historical attractions, for its collections of great art, for the distinctive colour and flavour of its old sections and for the eternal beauty of the centuries-old canals and the ancient patrician houses.

City and port connected to the North Sea, Amsterdam is also the economic and financial centre of the Netherlands and a very popular location for international business, where tradition persists alongside innovation. Amsterdam is a human scale capital compared with most national capitals and its intimate character is best reflected in the narrow, bustling streets of the old town, where much of the population still goes about its business. Although the city has a modern metro system, about one-fifth of the workforce still relies on the time-honoured bicycle for transportation.

The combination of cultural richness, accessibility, cosmopolitan character and the atmosphere of freedom and tolerance makes Amsterdam just unique!
