The Global Insolvency Practice Course is the pre-eminent advanced educational qualification focusing on international insolvency.

With the fast growing number of cross-border insolvency cases and the adoption in many jurisdictions of international insolvency rules and provisions, the turnaround and insolvency profession faces increasing challenges in the current economic environment. The current outlook demonstrates that the practitioners of tomorrow need to have extensive knowledge of the transnational and international aspects of legal and financial problems of businesses in distress.

The format of the fellowship programme is intensive, carried out over three modules. The first module took place in London 10 – 12 November 2014. The second module was held in San Francisco from 19 – 21 March 2015 prior to INSOL San Francisco. The last module involved the students utilizing web enabled technology which included a virtual court and undertaking real time negotiations for a restructuring plan involving multiple jurisdictions. The platform for this module was made available through the generous support of the University of British Columbia, Vancouver, Canada. A number of senior judges from around the world took part in Module C in order for the participants to gain experience of court to court situations. The judges included The Hon. Robert Drain, US Bankruptcy Judge, Southern District of New York; Sir David Richards, Justice of the High Court, Chancery Division, Royal Courts of Justice, London; The Honourable Judge Eberhard Nietzer, Heilbronn Bankruptcy Court, Germany; The Honourable Geoffrey Morawetz, Justice of the Ontario Superior Court of Justice, (Commercial List), Toronto, Canada; Mr Justice Paul Heath, High Court of New Zealand; Mr Justice Daniel Carnio Costa, Court of São Paulo, Brazil.

Admission to the course is limited. This ensures academic excellence and the opportunity for good personal contact between students and faculty. Potential candidates must already hold a degree or equivalent to be

considered for this programme and must have a minimum of 5 years experience in the field. Participants represent the different jurisdictions of the World.

Testimonials

Johan T. Jol, ABN AMRO Bank N.V. and Legal Houdini Academy, Fellow, INSOL International, Class of 2013:

"It is a unique combination of experienced law lecturers and practitioners from all over the world who are teaching not only theoretical law but also even more important daily practice of legal, economics and turnaround aspects of international restructurings and/or liquidations. The endgame is indeed a great finale to this learning experience".

Mahesh Uttamchandani, Global Product Specialist, Debt Resolution & Business Exit, World Bank Group

"The fellowship programme is a very rewarding investment towards a successful career, both through helping the development of professional skills and through fostering a greater understanding of different jurisdictions' cultures and systems."

Professor Ian Fletcher of University College London, a member of the Core Committee responsible for planning the programme:

"Designed and taught by an international Faculty of highly distinguished experts, the INSOL Fellowship Programme offers a unique learning experience. It answers a long-felt demand for a benchmark qualification to identify those practitioners who are in the front rank of transnational insolvency practice in today's challenging global market place."

David Molton, Brown Rudnick LLP, Fellow, INSOL International, Class of 2012:

"This INSOL Fellowship course is wholly first class. It is professionally administered by INSOL International staff and taught by an exceptional, international faculty (comprised of academics and judges), all of whom are recognised as leaders in their fields of discipline. The course work is robust, challenging and rewarding, and provides material value to insolvency practitioners and attorneys involved in cross-border issues. The hidden treasure of the course is, of course, the interchange, camaraderie and lasting friendships of the Fellow candidates that inevitably develop during the course. I would strongly recommend the course as a "must do" for anyone who is interested in and serious about cross-border insolvency issues."

Farrington Yates, Dentons US LLP, Fellow, INSOL International, Class of 2009:

"The program exceeded my expectations for level of instruction, content, and the commitment of my fellow participants. It has been a pleasure to be part of this class"

Stathis Potamitis, Potamitisvakris, Fellow, INSOL International, Class of 2009:

"I found the course remarkably rewarding and interesting and the final module was perhaps the richest part of the course, overall. I consider myself fortunate to have had the opportunity to participate. I also found my fellow fellows a wonderful group, knowledgeable, friendly and energetic. The Faculty was obviously excellent, as were the judges. Overall, this course seems far better than other offerings I have come across."
